

**BOUNDLESS LOVE
FOR MOM**

SS25

Invest in soft, meta-mystical AI pastels

Why are they key? Leaning heavily into the #PetalLips trend, dewy, soft matte finishes of pinks feel natural, while multichromatic glittering glosses allude to the synthetic. Key colour Transcendent Pink adds an element of sophistication to an otherwise playful pastel palette.

How to use them: utilise these enchanted tones in lightly tinted balms with glossy, satin and soft matte finishes. Favour unique spring-inspired flavours to further enhance the sensorial experience.
