Cruelty Free

14-Day Wear

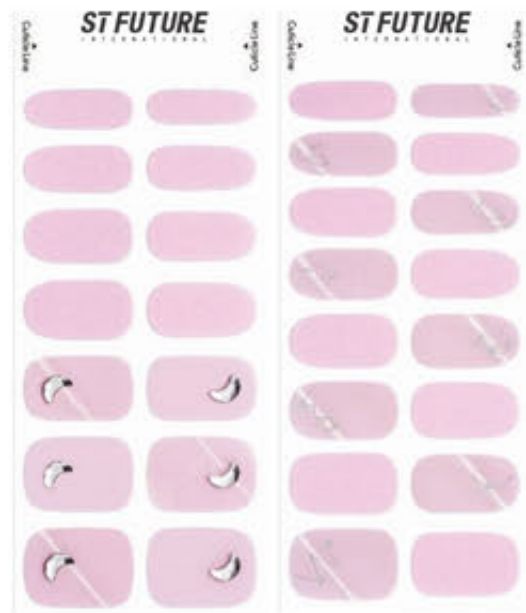

One Stop Beauty Accessory Supply

Semi-cured Gel Nail Strips

Just apply, trim, and cure to get that pro-finish, luxurious gel nails.

Apply **Cure** **Done**

Actual gel
0% Cured

Not vinyl or plastic,
we use 100% real liquid gel.

Semicure
60% Cured

This jelly-like type strips allows
easy application and fits all nail size.

After curing
100% Cured

When fully cured under a UV lamp,
nails will completely harden
and last up to 14 days.

A revolutionary product made with real liquid gel,
60% cured so that it's flexible and fits all nail shapes.
When fully cured with a UV lamp, nails will
completely harden into salon quality gel nails

Toe Nail

HOW TO USE?

01 CLEAN

Clean the surface of your nails with an alcohol wipe to ensure they are dry and free of moisture.

02 SELECT

Select the appropriate nail sticker size and apply it to your nail.

03 APPLY

Press down from the center of the sticker to ensure it adheres completely.

04 TRIM

Use scissors or nail clippers to trim any excess sticker.

05 CURE

Cure the nails under a UV lamp for 60 seconds.

06 FILE

Lightly file the edges with a nail buffer to shape and smooth the finish.

★ Special case

When you don't have scissors or nail clippers to use, you can do this! Fold the excess slightly down the edge of the nail and bake with a light for 40-60 seconds until the nail patch has solidified. Use a nail file to polish along the edge of the finger and remove the excess.

Styles And occasions
